Parking: Secure parking facilities for trailers available - long and short term. Reasonable rates. Please contact us for further information. Parts: We carry a comprehensive stock of all BPW, SAF, ROR, Daimler Chrysler, York and Fruefauf axle components. We carry an extensive stock of air bags for most common type suspensions. We also stock all lighting fixtures for all trailer types. We carry crash bar kits and landing legs. We carry an extensive range of ABS/EBS valves, sensors, leads and replacement ECU units. These ECU units can be fitted and programmed on site. As we are appointed Kogel Service Agents, we carry an extensive stock of Kogel body fitting parts. However, some of the main frame components ie pillars and doors will require one week lead time. Car Trailers: We carry out electrical, body and mechanical repairs on all types of car trailers.
